

Job Title: Production Assembler

Company: World Magnetics

Location: Traverse City, Michigan

Job Type: Full-Time

About World Magnetics

Located in Traverse City, Michigan, World Magnetics has been a global leader in designing and manufacturing high-quality custom switches for over 60 years. Our innovative solutions serve industrial, medical, aerospace, and military applications. We are committed to delivering precision, durability, and exceptional customer service while fostering a collaborative and inclusive work environment.

Position Overview

The **Production Assembler** plays a critical role in ensuring the quality and efficiency of our switch production line. This hands-on role involves assembling, testing, and maintaining various components to produce high-quality switches. Reporting to the Production Manager, the Production Assembler supports daily manufacturing operations with a focus on punctuality, safety, quality, and teamwork.

Key Responsibilities

- Assemble and produce switches using tools and equipment such as riveting machines, eyeletting machines, contact adjusting presses, ultrasonic welders, pneumatic screwdrivers, and leak testers.
- Perform tasks such as riveting, ultra-sonic welding, contact setting, eyeletting, set point inspection, driving screws, and setting points from nominal.
- Inspect product dimensions to ensure compliance with specifications using precision measurement tools.
- Collaborate with the production team to troubleshoot and resolve manufacturing issues, ensuring seamless operations.
- Maintain clean and safe workstations by adhering to company safety standards and OSHA guidelines.
- Assist in the production of magnetic heads and perform additional duties as assigned by the Production Manager.

Qualifications

- High school diploma or GED equivalent.
- Experience operating manufacturing equipment (e.g., riveting machines, OHM meters, magnahelic meters, and arbor presses) is a plus.

- Strong attention to detail and ability to follow precise instructions.
- Physical ability to stand for extended periods and lift up to 50 lbs.
- Effective communication and teamwork skills.

Training and Development

The Production Assembler will receive on-the-job training, covering the use of equipment and production processes to ensure proficiency and confidence in performing job responsibilities.

What We Offer

- **Comprehensive Benefits Package:** Health, dental, vision, and life insurance to support your overall well-being.
- **Time Off and Flexibility:** Paid holidays and vacation to promote a healthy work-life balance.
- **Future Financial Security:** A 401(K) retirement plan with company contributions to help you plan for the future.
- **Collaborative Team Culture:** Join a supportive environment that prioritizes continuous improvement and values individual contributions.
- **MI Tri-Share Child Care Program:** As a participating employer, World Magnetics helps make child care more affordable by sharing costs equally with employees and the State of Michigan through this innovative program.

Application Process

To apply for this position, email your resume to jobs@worldmagnetics.com. Applications will be reviewed on a rolling basis, and qualified candidates will be invited for an interview.

World Magnetics is proud to be an Equal Opportunity Employer, fostering an inclusive workplace that values diversity and innovation. We encourage applications from individuals of all backgrounds and experiences.
